## You Will Prosper —IN THE— ..Southwest..

If you purchase a farm in the southwest now, while land is cheap, you will soon see grow up around you a community of prosperous, energetic men, who, like yourself, have seen the possibilities of the southwestern farmer, and have taken advantage of them. This very condition, which is rapidly forming all over the southwest, makes the value of land increase rapidly, to the certain profit of those who own it.

There are more and better opportunities for making money for home building in the southwest—along the line of the Missouri, Kansas & Texas R'y to-day, than anywhere else. You have only to get on the ground to prove this. If you are in any way interested in the southwest, write to-day for a copy of my new paper, "The Coming Country."

## Go Southwest Now

Take advantage of the exceptionally low rates, May 1st and 15th, and go and see the country for yourself. On above dates most lines will sell both one way and round trip tickets at exceptionally low rates. If you nearest railroad agent cannot give you the rates, write me for particulars.

W. S. ST. GEORGE,  
General Passenger Agent,  
30 Wainwright Bldg. ST. LOUIS, MO.

Tickets are on sale everywhere, via Missouri, Kansas & Texas Railway.

The tide of immigration has turned to the South, where land is cheap and crops abundant.

Wm. Cavender, aged 64, of near Jacksonville has crossed over the dark river. He had consumption.

The ice plant at Norborne has been completed. The machinery has all been installed and a test was given Tuesday.

Sam C. Davis of Huntsville has sued his wife, Denia Davis, for divorce. The plaintiff alleges numerous "indignities," which Mrs. Davis will deny in court.

Warren Goddard of Fairville had both bones of one of his legs broken Friday morning from being pinioned against the side of a bridge by one of a lot of hogs he was driving to market.

An 8-year-old son of Paul Barton of near Fayette got mixed up in a barb wire fence, not knowing, perhaps, that it was loaded. The lad's face was painfully lacerated and he had to be taken to a doctor for repairs.

WANTED—A capable woman in every community to buy eggs and poultry for us at high prices. Large cash profits. Write at once to Myers-Bopd Commission Co., 307 North Main St., St. Louis, Mo.

The 4-year-old daughter of Fred Detner of near Slater had a leg broken by falling off a road drag which her father was driving. A man who drags the roads doesn't deserve to have any misfortune befall himself or any member of his family.

Mrs. Henry Hare of Higbee departed this life Wednesday morning of stomach trouble and heart disease, in her 52nd year. Deceased was a native of Pennsylvania. Her husband and six out of their nine children survive her.

Nat Brooks of Clark lost his fine residence by fire Monday morning. A defective flue is believed to have been the cause. The house was insured for \$800 and the household goods for \$400, but the loss is more than double that amount. Mr. Brooks will rebuild.

Conductor Powers of Moberly, who has been in charge of a Wabash work train, near Clark, accidentally shot Ollie Haggard a Renick boy, in the right arm, just above the wrist, Wednesday morning. Powers was shooting at a bird on a fence and the ball was deflected with the result stated.

The Odd Fellows of Moberly have decided to buy a lot and build a new hall of their own, while the Elks of that place have contracted for the purchases of the Engineers' hall and the store rooms beneath for \$15,000 and will fit up the hall as a lodge room and equip it in first-class style.

T. S. Brown and T. Murphy have rented 77 acres of land from Benedict Stemple, north of Norborne, and are planting the same in tomatoes, which will be delivered to the Norborne factory. This will give the "cannery" about 100 acres to work on and will insure a fair run if nothing happens.

Tom Edwards, who moved from Huntsville to Canada about two weeks ago, was stricken with pneumonia en route to his new home and had to have his ears sidetracked. His brother, Mart, and Jack Manuel of Huntsville went to attend the sick man and when they reached him they thought he was able to return to Huntsville. Mr. Manuel stated back with him while Mart Edwards went on to Canada with his brother's cars of household goods, live stock, etc. The sick man reached Huntsville Saturday and died that same evening. He is survived by a wife and five children who intended to join him in Canada after his arrival there. Mr. Edwards' attack of pneumonia was caused by his getting wet in the

rain while repairing some damage that was done to his cars as they were being switched at Moberly.

Judge R. T. Morehead of Triplett has developed into what the Triplett Tribune denominates as "one of the best auctioneers that ever stood on the block." Judge Morehead is also the personification of grace and dignity when it comes to performing a marriage ceremony.

Fred Erb, who made the claim to being 106 years old, died at his home, one mile east of Sumner, Sunday April 22. Mr. Erb's birthplace was Berne, Switzerland, and he came from that country to the United States in 1848. He leaves a second wife and two sons by his first marriage.

Mrs. Ida Johnson of Macon is serving a term of 30 days in the county jail for having pleaded guilty to receiving stolen goods in the way of merchandise and other articles at her home. It is believed that Mrs. Johnson's 10-year-old son is one of the thieves and that other boys are associated with him the crime of robbing stores, etc. Warrants have been issued for the arrest of the lads.

The municipal bonds of the city of Chillicothe in the sum of \$100,000 arrived in the city Monday. They are beautiful looking things and require the signature of three city officials, the mayor, city clerk and auditor, 2,100 times, each, or 6,300 in all. They will be taken to the state auditor for registration as soon as properly signed by the officials.

There were six 1906 graduates of the Huntsville public school and, as usual, the number of the young ladies exceeded the number of young men. There were five of the former and only one of the latter. If this ratio keeps up it will not be long until the intelligence of the women will exceed that of the men all over the country. The future would-be lords of creation should look to their laurels if they expect to be "the head" and not "the foot" of the family.

By the upsetting of a survey Sunday morning by a team which had become frightened at a couple of bundles of woven wire that had been left by the roadside, near Slater, Miss Ollie Rhoades had an arm broken in two places. Miss Lelia George received an ugly gash over her left eye and a bruise on the back of her head, while Lelia, Pearl, Lucy and Otis Rhoades sustained superficial bruises. The horses ran away with the survey, almost entirely demolishing it.

The Macon Times-Democrat says that in the case of C. A. Crawford against the Wabash railroad company a jury in Carroll county gave a verdict in favor of the plaintiff for \$8,000 last week. Mr. Crawford was in the Warrenton wreck and was at that time a student in the Kirksville normal school. He claimed that the injury to his eyes was such that it disbarred him from further effort on his part in securing an education and has been unable to read since the accident. Mr. Crawford is a farmer boy and lives near La Plata.

While John Riley and Charley Jones, says the Salisbury Democrat, were engaged in unloading a load of hay at Mr. Lude-man's barn on the old Wack farm Saturday morning, they were astonished and no little frightened on seeing their load of hay on fire. As quick as possible they drove a safe distance from the barn and unhitched their team, thereby preventing the burning hay from setting the barn on fire. It was discovered that the hay took fire from the friction of the hay rubbing against an iron bow placed over the wheel on a hay frame.
